FARMVILLE.

There may be some after-primary sores, but if so the victims are not grunting. Mr. Wallace ran Judge Mann a much closer race than was anticipated.

The Prince Edward Board of Supervisors has but one old member remaining on it, and he was the only live man on the old Board. I have the hope that the new material will be of material benefit to the people who elected them to this most responsible place.

The spirit of road improvement hasn't so taken possession of the people as to make them advocate a bond issue. It is right hard to make some people realize that good roads cost something, and harder still to make them appreciate the fact that bad roads cost very much more. Four horses to do the work of two, two to do the work of one, vehicles to live out half of their allotted days, to say nothing of the loss of time and temper, makes an indirect tax which is the heaviest the farmers have to pay.

Editor Hart will be a member of the new Board of Supervisors, and if he doesn't do great things we will "go for him," through the columns of his own paper. Mr. R. H. Watson, another new member, is one of the most progressive and successful farmers of the County, and he too will do good work in his representative capacity. I have already said of Dr. Holladay that no better man for the work could have been selected.

Rev. Mr. Graham, pastor of the Presbyterian Church, is now on his vacation, and Rev. Mr. Hatcher, of the Methodist Church, is occupying his pulpit and preaching to the congregations of both churches. The arrangement is eminently satisfactory to all concerned.

When all of our new railroads arrive I have no doubt but that our Union depot will be located at the present site of the Norfolk & Western. It will be an ideal place for it.

Our people havn't been quite as busy this summer with the white wash brush as I expected and yet the town looks clean and comfortable. The houses of the place are better painted than I ever knew them to be.

Moonlight or starlight walks to the lithia springs are among the diversions and pleasures of our summer season, and those who drink of that fountain approach as near to Ponce de Leon as the sons and daughters of Earth have yet done.

Farmville has gotten to be so much of a summer resort that morning Germans have been introduced and the young people do say that they are "fine." Dancing with the girls at night and "going home with the girls in the morning" was the rule when your correspondent indulged in the "light fantastic," and the German was unknown in those days. It may be an improvement but I am not ready to confess it.

A correspondent of the Herald, signing himself "Boarder," complimented his landlady on a supper which she had prepared in thirty minutes, and there was truth enough to drown the conclusion that cooking couldn't be much of a job after all; whereupon, "Housekeeper," made a spirited reply, jumped upon him with all fours, and has silenced him for all time to come on that particular subject.

Our voters have refused again to increase the school tax in any of the districts, and one of them was heard to say in this connection, "my boy of 8 years of age has had already more educational advantages than Abe Lincoln ever enjoyed."

Don't forget for the time being that a little learning is a dangerous thing.

Prof. McWhorter, who has been selected to succeed Dr. McIlwaine as master of the faculty of Hampden-Sidney, is said to be a man of scholarly attainments. The old school is entitled to the best, and will no doubt get do its best work.

The Cashier of the Citizen's Bank is all smiles. The public know just where he can be found during business hours and are calling on him Farmville has the happy faculty of making room for new institutions, and stands ready now to welcome any number of manufacturing industries.

Mr. Walker, recently of Wytheville, stands on the bridge of the new Prince Edward, and the craft is already under full sail.

Some one has stirred up the Supt. of public roads of Cumberland, and he has been talking back in plain terms.

Hay rides are often indulged in now-a-days and the parties starting out returning always look mighty well pleased with the fun.

With bath-rooms in touch of each of the 40 rooms Farmville enters upon a new experience in hotel life. There is no City convenience that we do not now have, with the one exception of street cars, and we will have to spread out mightly before they will be needed.

Our visitors for the summer have come from across the seas and many States of the Union.

Primings will soon be coming in, and there will be a faint smile on the faces of our warehouse men, which will broaden into a tright one, from ear to ear, when the leaf begins to follow.

Chickens are cheaper, vegetables galore and altogether we are having a much better time of it than we anticipated during the cold of spring and the first weeks of June. "Seed time and harvest" are unfailing promises.

The radical changes they are making in the current of the Appomattox at Petersburg hasn't as yet affected the flow of the river at this point. It would be a pity if Mr. Gould's money should buy this stream from us and leave us high and dry. Sam Jones said, "money makes the mare go," and it might make our river go another way too.

We are fortunate in having Hon. J. J. Owen go back to the Legislature. He has been the author of the largest appropriations ever received by the State Female Normal. The institution is not yet done needing money.

Mrs. Paulette's house-party at Hampden-Sidney was a brilliant success.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. R. J. Johnston, Linton, Miss.

Ohio farmers are offering beer in addition to wages to their farm hands, and once more Kansas realizes what a handicap she is under when it comes to harvesting her crops.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa.

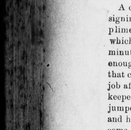
A Chicago woman thrashed her husband when she heard that he had filed an application for a divorce. That will teach him never to take such a spat again without obtaining permission.

The Cause of many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When Writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OLD BUCKINGHAM.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independent candidates for the office of Sheriff of Buckingham county. We appreciate the kindness of our Republican friends in announcing our candidacy and they have our thanks, but we want it distinctly understood that we are Independent candidates for the office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with due economy and care. Thanking you for your consideration expressed heretofore and respecting your further consideration, we are.

Yours faithfully,
C. D. McCRAW
P. A. GRIGG.

Announcement.

My fellow-citizens of the County of Buckingham:

A meeting of representative Republicans of our County, while aware that I was no longer actively engaged in politics, nor desiring any political office, paid me the highest compliment some time ago of bringing me forward as their candidate for the office of Attorney for the Commonwealth at this County at the election to be held in November next. Those citizens did not appoint a committee to advise me of their wishes. I take it therefore, to be their intention, therefore, rather to emphasize the right of the people, to require the public service of individuals, than to give any special political promotions, to the selection of county officers. I will however say, just here, that the Republicans of Buckingham have always borne themselves in a conservative and patriotic way, that ought to command the confidence and good will of the Buckingham people. Mr. Jefferson, so often quoted as the Father of Democracy, utterly abhorred a self-perpetuating class of office holders; forgetful of the hardships and toils of the masses, and so fortified by rule, or otherwise, as to leave the people powerless to decide for themselves who they want to serve them. I have on many occasions insisted that the safety of our free Government must rest up on the degree of independent manhood, preserved among the people. We should have preferences as to public measures, and in advancing them, properly affiliated with party organizations. To give loyal, rational, and self respecting support to a party, is proper. To become a party slave—a tool, a machine, under the domination of a party boss, is death to the Republic. Appreciating the confidence of my friends, political and otherwise, hitherto expressed, my name is at your service for the office named.

Yours obedient servant,
ROBERT T. HUBARD.

Buckingham.

On Monday the 12th inst. a meeting of citizens was held here in the interest of the public roads and a committee of three was chosen from each district of the county to meet here on the 26th of this month to formulate a plan or plans for work on the roads and then a report is to be made to a mass-meeting of the citizens and to them offered for approval and amendment. A proposition to borrow money and make good roads is one of the schemes to be considered.

The Outlook has been sold to a party or parties at Arvonia, and this week the first issue of a new paper will appear and is to be managed by Mr. D. W. Pierce.

Mr. G. L. Spencer is the nominee of this district for Supervisor, he having won in the primary by only one vote. The same committee was elected for the county with three exceptions, two of these changes were in Francisco and one in Curdsville district.

Messrs. J. A. Twyman, W. P. Ellis and J. H. Lewis will go on a trip to Jamestown this week.

The bridge across James River will be an expensive luxury if each man who crosses has to pay $50 a year.

The colored people had all the week preaching here last week and a great number of those who were off at work came home to attend the meeting.

Mrs. Fawcett has her sister, Miss Stone, of Georgia, on a visit at her home near here.

Mr. Thomas Hall, Jr. is staying with his home people at Alcoma.

Mr. Thomas R. Shaw visited his mother here last week.

Mr. J. G. Gillam was here last week after an absence from the county of several months.

Mrs. Langdon C. Moseley has been quite ill for several weeks at her home.

Rev. Geo. Hinderlite expects to leave here for Brazil to resume his missionary work.

Bishop Tucker preached a fine sermon at Emanuel Church on Saturday morning. Dr. Lacy preached in the evening taking as his subject "The prodigal son." The minister reminded us that a time was coming when money would not be of any use to us and said that forty million would not buy a drop of water in hell. The Bishop preached again Sunday morning, but there was a drenching rain and not many people turned out to hear him.

Sheppards.

We have had and are still enjoying the privilege of religious services. The Smyrna (Methodist) meeting continued for several days. Rev. A. L. Carson, our pastor, was assisted by Rev. Hugh J. Taylor, of Richmond. Last week the Concord (Baptist) meeting was conducted by Rev. Mr. Allison, assisted by Rev. J. J. Renno. Both of these meetings were successful from every point of view.

The Holiness Tabernacle services began yesterday, to continue ten days. Bishop Tucker will visit St. Peter's Episcopal Church to confirm several candidates this week. So you see we have no lack of churches or preachers.

Mr. Robt. S. Elam, with commendable zeal, raised the money and purchased a new organ for Smyrna Church. And now we all say its fine, but I wonder why somebody hadn't undertaken it before.

Mrs. H. O. Baldwin is visiting her daughter, Mrs. W. B. Spencer, in West Virginia.

Miss Edna Elcan is in Nottoway County visiting Miss Calva Watson.

Mr. Wm. G. Crute, of Lynchburg, spent last week at home.

Miss Lucy McCraw left Monday for Florida, where she will teach next session.

Miss Louise Jones spent last week with Miss Cassie DuVal, at Arvonia.

Miss Mollie Byerly, of Farmville, has been staying for some days with her friend, Miss Hattie Crute.

I was at Dillwyn the other day and saw twenty or more teams hauling railroad ties. Ten years ago we said, "the timber will soon be gone." Twenty years ago we said the same, and forty years ago our fathers said. "the timber will soon be gone," but if you come up on Willis' Mountain and look around, the cleared fields will appear only as little patches amidst the wilderness of woods. I verily believe that a hundred trees are growing in Buckingham to one boy, and although saw mills and stave-mills and tie dealers have been for forty years at work, yet the supply seems like the widow's cruse of oil—inexhaustible.

I hear that Mr. M. M. White, at Dillwyn, is shipping a car of poplar a day. The Standard Oil Co. are hauling staves from 3 plants near here all the time. Messrs. E. S. Taylor & Co. are shipping white and poplar lumber to the C. & O. and T. & W. Mr. J. N. Crute is hauling sawed lumber all the time to the N. & W., and then too a great many of our farmers are hauling logs to Farmville for sale to the mills there.

The crops are not up to the average throughout this end of the county. Sometimes I think this timber business causes farmers to neglect the cultivation of their lands, but the "quick dollar" is so nice to have, and I can't much blame a man to quit raising tobacco, which may or may not bring him in debt, and haul timber for a certainty of the spot cash.

Mr. Shannon, late of South Dakota, has one of the finest crops of corn in our vicinity and he worked it 5 or 6 times with harrows only. I guess that beats our old Virginia method.

We haven't heard any more about our High School, although our Superintendent and Trustee promised us one this fall. If we don't get it you will have a few communications on the subject, I reckon.

I see the Farmville correspondent of THE TIMES is very bold, and says the people turned down the Board of Supervisors of Prince Edward except Mr. Haskins, the only live man on the Board. It would be considered treason if a Democrat were to ever think of turning out an office-holder in Buckingham. But we wish that some of our live officials would wake up and bestir themselves in behalf of the roads and schools of Buckingham. The minister reminded us that a time was coming when money would not be of any use to us and said that forty million would not buy a drop of water in hell. The Bishop preached again Sunday morning, but there was a drenching rain and not many people turned out to hear him.

We have had and are still enjoying the privilege of religious services. The Smyrna (Methodist) meeting continued for several days. Rev. A. L. Carson, our pastor, was assisted by Rev. Hugh J. Taylor, of Richmond. Last week the Concord (Baptist) meeting was conducted by Rev. Mr. Allison, assisted by Rev. J. J. Renno. Both of these meetings were successful from every point of view.

The Holiness Tabernacle services began yesterday, to continue ten days. Bishop Tucker will visit St. Peter's Episcopal Church to confirm several candidates this week. So you see we have no lack of churches or preachers.

Mr. Robt. S. Elam, with commendable zeal, raised the money and purchased a new organ for Smyrna Church. And now we all say its fine, but I wonder why somebody hadn't undertaken it before.

Mrs. H. O. Baldwin is visiting her daughter, Mrs. W. B. Spencer, in West Virginia.

Miss Edna Elcan is in Nottoway County visiting Miss Calva Watson.

Mr. Wm. G. Crute, of Lynchburg, spent last week at home.

Miss Lucy McCraw left Monday for Florida, where she will teach next session.

Miss Louise Jones spent last week with Miss Cassie DuVal, at Arvonia.

Miss Mollie Byerly, of Farmville, has been staying for some days with her friend, Miss Hattie Crute.

I was at Dillwyn the other day and saw twenty or more teams hauling railroad ties. Ten years ago we said, "the timber will soon be gone." Twenty years ago we said the same, and forty years ago our fathers said. "the timber will soon be gone," but if you come up on Willis' Mountain and look around, the cleared fields will appear only as little patches amidst the wilderness of woods. I verily believe that a hundred trees are growing in Buckingham to one boy, and although saw mills and stave-mills and tie dealers have been for forty years at work, yet the supply seems like the widow's cruse of oil—inexhaustible.

I hear that Mr. M. M. White, at Dillwyn, is shipping a car of poplar a day. The Standard Oil Co. are hauling staves from 3 plants near here all the time. Messrs. E. S. Taylor & Co. are shipping white and poplar lumber to the C. & O. and T. & W. Mr. J. N. Crute is hauling sawed lumber all the time to the N. & W., and then too a great many of our farmers are hauling logs to Farmville for sale to the mills there.

A very mysterious robbery occured at the home of Mr. J. D. Childress on last Tuesday night. While he and his family were attending meeting the kitchen door of his residence was broken open and $30 in cash was stolen from his daughter's trunk. As nothing else in the house was disturbed it is thought that the money was taken a few weeks before and that the door was broken in that night to try and mislead the clue, as the money had not been examined for several weeks. Strong suspicion rests upon a certain party and probably their arrest will soon follow.

Revs. J. Saunders Jones and J. W. Meadows are attending the Baptist Association in Farmville this week.

Mr. Brown Roach, of the U. S. Army, is visiting his brother, Mr. E. Roach.

Deafness cannot be Cured.

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
